## Passport to Success

1990-91

## **Education for Life**

We have two priorities at MSU . . . teaching and you. We not only teach you, but we also take you in, guiding your personal and educational development in a close-knit environment. The relatively small classes, the excellent faculty, the opportunities for individual study combine to give you an education that will last a lifetime. We'd like to invite your family to join you in your endeavors. Our doors are always open to those people who share your hopes, dreams, and goals for the future. MSU is the key in making it all possible for you.

<b>Graphic Designer . . . . .</b>	<b>Sharon Cunningham</b>
<b>Photographers . . . . .</b>	<b>Ray Bradley, Steve Wright</b>
<b>Writer . . . . .</b>	<b>Kathryn Remlinger</b>

The 1990-1991 VIEW is a publication of Student Services, Morehead State University, and printed with state funds KRS 56.375. The staff is indebted to Mari Wojahn for her contribution to the travel concept.

Morehead State University is committed to providing equal educational opportunity to all persons regardless of race, color, national origin, age, religion, marital status, sex, or educationally-unrelated handicaps in its educational programs, activities, employment policies, and admission of students to any program of study as required by Title IX, Title IV, and Section 504. Inquiries should be addressed to the Affirmative Action Officer, Morehead State University, 106 Howell-McDowell Ad. Bldg., Morehead, KY 40351-1689.

**Janet Fossett**

"I decided to attend Morehead State because of its swim team and because it offered my major." Janet Fossett, a junior from Morehead, is majoring in interior design and minoring in art. "I like the campus - it's pretty - and it has nice facilities - especially the art building and pool. Also, Morehead is close to Lexington, so I can get away once in a while." Being a member of the swim team keeps Janet fairly busy, but she does have time to spare. She spends it with friends or at Cave Run. How does she feel about the faculty? "They showed me that I can do well, that I have more potential than I thought I had as a freshman, and that I can make something of myself." After graduating Janet would like to own an interior design studio that specializes in antique and contemporary furnishings.

# Destination . . . Graduation

Morehead State University is your passport to success by helping you achieve a first-class education that will last a lifetime. For you, success may be living on your own for the first time, meeting new people, making new friends, learning a second language, or maintaining a 4.0 grade point average. No matter what your destination may be, the diverse course offerings, wide range of extracurricular activities, outstanding faculty, staff, and facilities combine to create a package that's right for you.

Upon arrival, you'll notice MSU's unique environment. The 500 acre campus of more than fifty buildings adjoins scenic Daniel Boone National Forest. Within fifteen minutes, you can walk from the Academic-Athletic Center on the east end of campus to the Camden-Carroll Library situated on the west end, or drive west on Route 60 to Kentucky's fourth largest lake, Cave Run.

After checking into your room and getting acquainted with your roommates, you'll want to visit the University Store located in the Adron Doran University Center. Textbooks, supplies, and just about anything you may have forgotten can be found at the bookstore.

Before classes begin for the semester, on the weekends, and throughout the week, there are plenty of ways to spend your leisure time; visit one of the galleries in the Claypool-Young Art Building, take in a movie downtown, hike around Eagle Lake, relax at a concert in Baird Music Hall, or shoot a game of pool in ADUC or in your dorm.

To keep yourself informed of all the happenings that make up campus life, tune your radio dial to WMKY 90.3 FM, your TV channel to MSU's Newscenter 12, or read the student newspaper, the Trail Blazer. And what better way to develop friendships with people who could prove to be life-long friends than to share these adventures with your college roommates?

These shared experiences are as much a part of your college education as are those that take place in the classroom. At MSU you'll find relatively small classes, encouraging and helpful professors who will know you by name, abundant resources and facilities, and programs of study that are unique to Morehead State University, like the environmental studies program.

### Did You Know . . .

- ✓ Approximately 70% of MSU students receive financial aid.
- ✓ The student newspaper, Trail Blazer, won 22 awards in 1989, an all-time high, from the Kentucky Intercollegiate Press Association.
- ✓ MSU is fully accredited by the Southern Association of Colleges and Schools.

**Derrick Smith**

Louisville junior Derrick Smith is a computer information systems major. He selected MSU because of its reputation and small size. "I knew I wouldn't get lost in the crowd. My cousin graduated from Morehead with a degree in computers, so I knew about the school and the program. After attending a SOAR week-end, I decided to enroll." Derrick is very active with several student organizations: Black Gospel Ensemble, Brotherhood, and is also involved in the work study program. He learned about these groups through the Office of Minority Student Affairs. "They welcomed me to campus, helped me get to know the Ensemble, Black Coalition, and to find out about available financial aid." What about plans for the future? "After I graduate I'd like to use my degree to work as a systems analyst."

### Lynne Fisher

Lynne Fisher was a high school senior in Ashland when she first visited MSU. She came to check out the journalism department and to meet the professors. "I was impressed by the department, but I made my final decision after receiving a scholarship offered by the Morehead News and one from the MSU Honors Program." She feels that she has done well academically because her instructors have gone to their limits to help her. This is true about everybody at MSU. "You get to know everyone in the campus' small community atmosphere. I love the fact that I can't walk down the sidewalk without someone saying 'hi' to me. Now a senior, Lynne has added a radio-t.v. minor to her journalism major. She'd like to use the combination to report for a daily paper and then use that experience to write for television or radio broadcasting.

### Did You Know . . .

- ✓ MSU publishes its own literary magazine, *Inscape*.
- ✓ There are seven sororities and fourteen fraternities on campus, not including professional and service organizations.

## Campus Profile

Fall 1989

Founded — 1922

Location — Morehead, Ky.  
(pop. 14,000)

Campus — 50 buildings, 500 acres  
adjoining Daniel Boone  
National Forest

Enrollment — 7,962 (Fall 1989)

Women - 4,697

Men - 3,265

Undergraduate students - 6,512

Graduate students - 1,450

Non-traditional students - 1,442

In-state students - 6,715

Out-of-state students - 1,247

International students - 75

Minority students - 254

Married students - 1,841

Students with financial  
assistance - 70% (approx.)

**Chris Reighly**

As a euphonium player, Chris Reighly, from Westlawn, Pennsylvania, searched for a university that would offer him a first-class education in music performance. Chris found it at Morehead State University. He says this about MSU, "For a small university, you can't find any better faculty." What else attracted him to MSU? "The beauty of the surrounding area, laid-back pace, and friendly people." Since his freshman year, Chris, now a senior, has kept busy with classes, practice, performances, as well as his active membership with Phi Mu Alpha, and Tubists Universal Brotherhood Association. "In my spare time I like to golf and work with computers." Chris' plans for the future include performing with a military band in Washington, D.C., for which he has already auditioned.

## Key to Success

Does college jargon give you a major headache? Relax. It's a minor problem. With help from this list, your major headache will disappear in no time at all.

**Academic year** - the two semester period beginning from mid-August to mid-May. There is usually a three week holiday in December and January.

**Area of concentration** - a specialized curriculum requiring from 52 to 60 credit hours in a certain field. A student may choose to take an area rather than a major-minor combination.

**Associate's degree** - a degree requiring 64 to 68 credit hours. It can be completed in two years or less.

**Bachelor's or baccalaureate degree** (A.B. for arts, B.S. for sciences) - a degree requiring 128 semester hours which may be completed in four years or less.

**Credit hour** - a measure of credit for studies.

A one hour course generally meets one hour a week per semester. Two hour courses usually meet for one hour twice a week, etc.

**Stafford (formerly GSL)** - Guaranteed Student Loan. Low interest loans available to students meeting certain criteria. The loans may be obtained from banks and other lending institutions, but all have to be applied for through MSU's Office of Financial Aid.

**Graduate student** - a student who has earned a bachelor's degree.

**Grant** - federal, state, and institutional financial aid awards, given on the basis of financial need. In most cases they do not have to be repaid.

**Major** - the field of study in which a student specializes and plans to obtain a degree. Majors require 30 to 36 credit hours of specified course work.

**Minor** - a secondary field of study. Minors require from 21 to 27 semester hours of study.

**Pre-college curriculum** - high school courses that the student needs to have taken to be admitted unconditionally to a public, 4-year college or university in Kentucky.

**Program of study** - the major-minor combination, or area of concentration, of studies which the student pursues.

**Residency** - a classification made by the university for fee assessment purposes. Generally a resident is an in-state student, however, the guidelines for the term are set by the Kentucky Council on Higher Education.

**Scholarship** - a financial aid award that does not have to be repaid. Scholarships are awarded for scholastic achievements or other skills, such as athletics.

**Undergraduate student** - a university student pursuing an associate's or bachelor's degree.

**Workship** - financial aid in the form of part-time campus employment.

## Student Health Services

Do you want some expert medical advice? Do you need to get an allergy shot on a regular basis? The Caudill Health Clinic, located on the first floor of Allie-Young Hall, provides MSU students with health services that include routine examinations, tests, administration of medication, health care advice and information. The professional staff is available to help you Monday through Friday, from 8 a.m. to 4:30 p.m. These services are included in your health fee.

## Counseling Services

Perhaps you are feeling down, need someone to talk with, or are looking for advice. Staffed with qualified professionals, the Office of Counseling Services is available for these and other guidance needs at no additional cost to you as an MSU student.

## Academic Information

Programs of study at MSU are within four colleges, which are divided into academic departments (listed below with their telephone numbers)

area code (606)

### College of Applied Sciences and Technology 783-2158

Agriculture and Natural Resources	783-2662
Home Economics	783-2966
Industrial Education and Technology	783-2013
Nursing and Allied Health Sciences	783-2230

### Programs of Study

Charting a course of study is the initial step you take in beginning your education at Morehead State University. To guide you through your academic excursion at MSU, you are assigned an advisor. This faculty member assists you in selecting a program of study -- a combination of a major and minor, or area of concentration -- especially suited to your career needs. Your academic advisor also informs you as to which general education courses you are required to take. These courses are chosen from each of four different categories: communications and humanities, natural and mathematical sciences, social and behavioral sciences, and health and physical education.

### Camden-Carroll Library

During the 1989 spring semester the Camden-Carroll Library implemented the first phase of an integrated, automated library system - the Online Public Access Catalog (OPAC). When it is fully automated, the system will integrate all the functions of the library: cataloging, circulation, administrative functions, in addition to OPAC.

The library has collections of varied formats, and as an MSU student you have access to all of them. You are able to use the micro-computer lab, borrow computer software, videos, cassette tapes, record albums, as well as books and other reading materials. Camden-Carroll's knowledgeable and helpful staff is available to assist you during regular library hours. The library isn't just for books anymore!

### Honors Program

If you are interested in launching yourself into special advanced courses and seminars, or doing independent research in your field of study, then the MSU Honors Program may be a worthwhile addition to your academic package. Scholarships are awarded yearly to high school seniors who enter the program in their freshman year. For more information about the Honors Program, contact Dr. George M. Luckey, 414 Combs Building, MSU, Morehead, KY 40351-1689, (606) 783-2982.

# guaranteed non-stop adventure!

My fond memories of Morehead are not just fabricated from the selective memory of distance in time. I loved Morehead while I was experiencing it and have retained vivid impressions and memories from those four years. What I loved most about Morehead was its size and intimacy. I came from a small town in Illinois, and thus welcomed the small size of the campus and surrounding community. The campus and town community took me in, welcomed me, and gave me a safe place to enter adulthood. I made some very warm lifelong friends. I gained the knowledge and self-assurance that was so important as preparation

for the pursuit of my profession in medicine. I certainly would not hesitate to recommend Morehead State University to any undergraduate or graduate student. A time and a space to grow in a community of scholars is a privilege that we all should be fortunate enough to have.

*Shirley L. Fannin M.D.*  
Shirley Fannin, M.D.

Associate Deputy Director, Los Angeles County Department of Health Services

If you ask MSU graduates about their most memorable experiences at the University, you will get as many answers as there are alumni. In the following pages several alumni express their thoughts and feelings about MSU. You'll notice that no matter how varied their professions and experiences are, each left the University with similar impressions and fond memories. Their words tell about the University as a community of scholars, a safe place to enter adulthood, a second home, an atmosphere where knowledge and self-confidence develops, an environment preparing its students for the real world, and most importantly, as the first step in charting your course that's guaranteed to be full of non-stop adventure.

The following profiles illustrate how the adventure that began at MSU has continued throughout the "real lives" of its graduates and how characteristics developed by the MSU experience have proven to be the passport to each individual's success. For example, you'll read about Shirley Fannin, who earned her B.S. degree in 1957 and now researches the AIDS virus in her work with the Los Angeles County Department of Health Services. Also, you may recognize a familiar personality in the Lexington area, Mark Sok, who uses his 1978 A.A.A. degree in Radio-Television to keep you informed. You'll meet Karl Schmitt, who earned both an A.B. degree in 1976 and an M.A. in 1980. He recently became the Director of Communications at Louisville's Churchill Downs. In addition, you'll notice how Ron Abernathy, a 1972 graduate with a B.S. degree, has incorporated his MSU experience with his athletic abilities to coach basketball at Tennessee State University. And you'll learn from Bob Coleman that his years spent at MSU were essential in starting a career in the field of biotechnology.

Morehead State University gave me a good education with hands-on experience I wouldn't have gotten in other places. At MSU, I had the opportunity to host two shows. After graduating, I realized how valuable my training had been for the future.

Mark Sok  
Lexington TV/sports personality

Morehead is such a special place . . . the surrounding countryside provided this city boy with an opportunity to experience the outdoors . . . at the same time, the academic environment is geared toward preparing people for the real world.

Karl Schmitt  
Director of Communications, Churchill Downs

Little did I know or realize at the time how the education, training, discipline and organization I was taught at Morehead would be the most important aspects of my life. And the persons I applaud most are all my instructors and staff who gave me that very special personal attention.

A handwritten signature in dark ink, reading "Ron Abernathy".

Ron Abernathy  
Head Basketball Coach, Tennessee State University

My personal educational odyssey began in a one-room, eight-grade schoolhouse in Smokey Valley, Kentucky, and culminated with a faculty appointment at Harvard University. Morehead State was the most important step in preparing me to take on the challenges of high technology entrepreneurship.

A handwritten signature in dark ink, reading "Robert L. Coleman".

Robert L. Coleman  
President, NOVA Biomedical Corporation

## A Look to the Future

Let MSU be your stepping stone to the future. By helping you develop self-assurance and confidence, your MSU experience will prepare you to successfully meet the challenges of everyday living. Besides personal fulfillment, a college education will provide you with a better way of life. A variety of courses, interaction with other people, and participation in extracurricular activities make Morehead State University your passport to success!

# Great Es

Swimming, biking, hiking, dancing, eating, reading, tanning, fishing, people watching, and listening to music. Golf, music, theater, volleyball, tennis, soccer, ballet, racquetball, basketball...and it's all in Morehead! Where? In Morehead — on campus, in town, at Eagle and Cave Run lakes, and throughout the Morehead area. When? Before classes begin for the semester, throughout the week, in the evenings, during the

weekends. Why? Because you'll definitely need to relax after spending about fifteen hours in class and probably as many studying each week. All Morehead State students have the opportunity to use MSU's sporting facilities at no charge. These include ten lighted tennis courts, an Olympic size swimming pool, a running/walking track, practice fields, basketball and racquetball courts. And for a nominal fee they can shoot a

# scapes !

round of golf at the university's course located a few miles east of campus. Do you still think you'll have spare time on your hands? Well, jump in your car or hop on your bike and head west to Cave Run Lake. Nestled in the heart of the Daniel Boone National Forest, the 8,270 acre lake is a paradise for campers, boaters, anglers, swimmers, hikers, and sun bathers. At Eagle Lake on Morehead State University's campus you can also sun bathe,

bird-watch, hike, or just hang out in the great outdoors.

If that's not enough for you, you might be interested in belonging to one of the twenty-one Greek social organizations affiliated with Morehead State University. By joining a sorority or fraternity, you are given the opportunity to build lasting relationships, participate in social and community activities, and to develop an understanding of group and individual responsibility.

Perhaps you'd rather get involved in academic extracurricular pursuits. The university newspaper, yearbook, and literary magazine are all staffed by students who are adding adventure to their academic excursions through writing, editing, photographing, and drawing. Others find that their talents lie in front of a camera or microphone and spend their free time working at MSU's public radio station or the on-campus television station.

You might also want to join one of the other academically oriented student organizations or serve as a student representative for one of the many branches of the Student Association. Look over the list of student organizations to get an idea of the variety of groups that exist on campus. With all that MSU and Morehead has to offer, you'll be sure to look back on your college trip and wonder when you had time to study.

# A Room With A View

By residing on campus at Morehead State, you have the opportunity to live in affordable housing that provides all the comforts of home. With telephones, a 13-channel cable system, refrigerators, and the option to paint, carpet, and add a microwave, your room will be a first class accommodation.

Living on your own for the first time? Wondering how you'll get your clothes washed or how you'll satisfy those late-night munchies? With a little spare change you'll be able to get a snack from your dorm's vending area while you wash and dry a load of clothes in the laundry room. But if watching the dryer spin isn't your idea of a good time, you might want to challenge a friend to a game of foosball, ping pong, or pool in the game room while you wait for your laundry to finish.

Who else will live in the residence hall besides you and your roommates? It depends on which hall you choose to live in because three types of housing are available at MSU: women only, men only, and women and men on alternating floors. You may make a preference for which residence hall you'd like to live in on your Resident Preference Information Form. On this form you may also indicate your roommate choices; first priority is given to roommates who request each other. If you don't make a request, then we will try to match you with compatible roommates. For more information about the different halls and their amenities, please refer to the Residence Halls chart.

 Wilson Hall . . . . .WH  
 Waterfield Hall . . . . .WA

\* Includes basic room rental, refrigerator, telephone instrument and local service, and 13-channel TV cable service (includes a pay movie channel).

\*\*Actual number of persons assigned to each room or suite may vary according to the demand for housing.

### Hall Council

The Hall Council is the governing body that plans educational, recreational, social, and cultural programs for each residence hall. The Council also serves to promote cooperation and communication among residents and with the University's administration. Officers are elected by residents of each hall within the first four weeks of the fall semester. They work throughout the year with the hall director and resident advisors to plan events and meetings sponsored by their residence hall. You can be involved in setting the rules and regulations of your residence hall by taking an active role in the Hall Council.

# Soup's On !

MSU's dining services include two kinds of optional dining plans that are designed with you in mind. The Diner's Club is an account into which you deposit a certain amount of money and use a card to make food purchases. All you have to do is present your Diner's Club card when making a food purchase in ADUC or Alumni Tower and the amount will be deducted from your account. In addition to always having money on hand for food - and a bonus of 5% to 10% of your initial deposit added to your account - you can buy any amount and any combination of food items.

The Meal Plan is a dining service that offers four different meal options. With the Meal Plan you buy a set number of pre-paid meals at the beginning of the semester. The meals are served in the Alumni Tower Cafeteria, but if you purchase the ten, seven, or five-meal plan, you can use some of your points in the ADUC Cafeteria and Grill.

Of course you can always purchase items or meals in either Alumni Tower or ADUC without using the Meal Plan or Diner's Club. However, both plans are great ways to guarantee yourself meals throughout the semester, especially at times when the cash flow gets slow.

## 1990-91 Rates

### Meal Plans (optional)

20 meals per week .....	\$689.00
10 meals per week, plus 150 bonus bucks .....	\$689.00
7 meals per week, plus 100 bonus bucks .....	\$642.00
5 meals per week, plus 50 bonus bucks .....	\$521.00

### Diner's Club (optional)

\$300.00 gives you .....	\$315 flexi-dollars
\$400.00 gives you .....	\$428 flexi-dollars
\$500.00 gives you .....	\$550 flexi-dollars

You can purchase meal plans and diners club plans at registration or contact Food Services at (606) 783-2224.

# Travelers' Checks

The complete package price for your adventure in education at Morehead State University will vary depending on your residency status, housing and meal plans, and the courses in which you enroll; some classes require additional fees for materials and facilities. For an estimate of college costs at Morehead State during the 1989-90 school year, see the Student Expense Chart below.

## Estimated Student Expenses 1990-91 Academic Year

	Ky. Residents	Non-Ky. Residents
Tuition and fees	1,340	3,700
Room	1,120	1,120
Meals*	1,370	1,370
Books and supplies	400	400
Miscellaneous personal expenses	900	900
	\$5,130	\$7,490

\*Meal plans are optional,  
and prices vary according to the plan chosen.

If you're wondering how you can afford this exciting trip, keep in mind that seventy percent of MSU students receive financial aid in the form of loans, grants, scholarships, and workshops. Scholarships are also awarded to incoming freshman for a variety of reasons: grade point averages, ACT scores, evidence of leadership in high school, children of MSU alumni to name a few. (Refer to the Scholarship and Awards Chart for more detailed information.) To find out if you qualify for financial assistance offered by the state of Kentucky, or for federal aid, such as Pell Grants, fill out the Kentucky Financial Aid Form (KFAF) or the Financial Aid Form (FAF). Send the completed form to the College Scholarship Service. CSS will provide Morehead State with information that will determine your financial aid eligibility.

Where can you obtain either of these forms? Contact your high school counselor or the Office of Financial Aid, 305 Howell-McDowell Ad. Bldg., MSU, Morehead, KY 40351-1689 after January 1. It's important that you complete and send the application to CSS as soon as possible because financial aid is awarded on a first-come, first-served basis. This process takes four to six weeks. MSU must receive the results by April 1 in order to put you on our priority list.

In addition to completing the KFAF or FAF you will need to submit the MSU Student Aid Personal Data Sheet. This form, available from the Office of Financial Aid, will enable the Financial Aid Office to determine what kind of assistance you are requesting. Most importantly, you will need to be admitted to the University before you are awarded any financial aid. Please refer to Prepare For Take Off for admissions information.

Remember, Mastercard, Visa, American Express and Discover are accepted for payment or ask about the MSU Installment Plan for easy to manage payments.

# Summary Chart for Morehead State University Scholarships and Awards 1990-91

Name	Minimum consideration criteria	Renewable Criteria*	
		freshman g.p.a. minimum	upperclass g.p.a. minimum

Regents Scholarship \$1,500/Year	3.50 high school g.p.a. 25 composite ACT score	3.00	3.25
Kentucky Governor's Scholar Award \$1,000/Year	Successfully complete Kentucky Governor's Scholar Program	3.00	3.00
Leadership Award \$500/Year	Evidence of Leadership, priority to 2.50 and higher high school g.p.a.	2.50	2.50
Minority Leadership Award \$500/Year	Evidence of Leadership, priority to 2.50 and higher high school g.p.a.	2.50	2.50
Transfer Student Award \$500/Year	Evidence of Leadership and 3.00 college g.p.a.		3.00
MSU Award— \$1,400/Year	Out-of-state students. Priority to residents of Adams, Brown, Clermont, Hamilton, Highland, Lawrence or Scioto counties in Ohio; Cabell, Mingo, or Wayne counties in West Virginia; minimum admissions index of 500 or 3.00 college g.p.a.	2.75	3.00
Regional Honors I Scholarship \$2,000/Year	From MSU service region; highest ranking academic achiever attending MSU (recommended by high school or community college); 3.50 high school g.p.a., 3.50 community college g.p.a.	3.00	3.25
Regional Honors II Scholarship \$1,800/Year	From MSU service region; 2nd highest ranking academic achiever attending MSU (recommended by high school or community college); 3.50 high school g.p.a., 3.50 community college g.p.a.	3.00	3.25
Residence Hall Award Room Rental(not to exceed \$1,000)	Priority to 3.00 and higher high school g.p.a.; school/community leadership; and/or need.	2.75	3.00
Alumni Award \$600/Year	Parent(s) active in MSU Alumni Association; minimum Admissions Index of 500 or 3.0 college g.p.a.	2.75	3.00

\*Other criteria may also apply; i.e., continual full-time undergraduate student status, living in residence hall, etc.

\*Amounts of scholarship value and number of scholarships available may vary, per available funds.

# Preparation for Take-off!

Great! You've decided to come aboard. Before securing your boarding pass, however, you should visit the campus to see what the surroundings are like, what the opportunities are for programs of study and living arrangements, and what plans need to be made to make a smooth transition from home to college. What else should you do in preparation to join us at MSU? It's simple. All you need to do is follow these three steps:

1. Complete the Undergraduate Admissions Application.
2. Submit your official ACT or SAT scores.
3. Submit an official high school transcript or GED.

Morehead State University uses the Admissions Index and the pre-college curriculum to determine the eligibility for admission. A minimum index score of 380 and completion of the pre-college curriculum are required for unconditional admission. Students who do not meet these requirements may be considered for provisional admission. To determine your score:

1. Multiply your high school grade-point average (g.p.a. on a 4.0 scale) by 100.
2. Multiply your ACT composite score by 10 (SAT scores will be converted).
3. Add your total g.p.a. score and total ACT score. The result will be your Admissions Index score.

$$\begin{array}{rcl} \text{Ex: g.p.a.} & = & 2.5 \times 100 = 250 \\ \text{ACT} & = & 18 \times 10 = 180 \\ \text{Admission Index} & & 430 \end{array}$$

If you are a transfer student with fewer than 12 hours, you must also submit your official ACT or SAT scores to the University. Credits you have earned from regionally accredited institutions will be accepted for transfer. All other credits will be evaluated after you have completed your first semester at MSU.

There is no application fee or deadline, but remember that you will need to be admitted before you apply for financial aid, scholarships, and housing.

### Campus Visit

We'd like to invite you to visit MSU. By attending Open House in the fall or spring, you'll experience university life before actually climbing aboard. We'll give you a tour of campus, allow you to observe a class, and reserve a room for you in a residence hall for the night.

MSU also sponsors Summer Orientation, Advising, and Registration (SOAR) sessions throughout the early summer months for incoming freshmen. During these programs you will pre-register and attend informal sessions on campus life.

So fill up the gas tank -- that's all it will take for most people to make a round trip to Morehead -- and come check us out.

### Open House

November 3, 1990  
February 23, 1991  
April 6, 1991

### SOAR

Summer Orientation,  
Advising and Registration

April 12, 1991 Honor Students  
June 15, 1991  
June 21, 1991  
July 13, 1991  
July 19, 1991

...down  
 following checklist to make sure you haven't skipped an important step in the application process. If you need assistance, contact your high school's guidance counselor or the Office of Admissions at MSU. (The address and phone number follow the check list.) Once you have completed this list, you'll be ready to take-off for the best years of your life.

- Apply for admission during the fall of your senior year. Contact your high school guidance counselor or MSU's Office of Admissions for an Undergraduate Admission Application.

- Arrange to take the ACT or SAT, if you haven't done so already, and send your official results to the Office of Admissions.
- Visit campus for Open House in the fall or spring.
- Complete the Residence Hall Application in the fall or spring of your senior year. Send it with a \$50 deposit to the Office of Student Housing, 306 Howell-McDowell Ad. Bldg., MSU, Morehead, KY 40351-1689.
- After January 1, complete the appropriate Financial Aid Form (FAF) along with MSU's Personal Data Sheet.
- Apply for scholarships by the March 15 priority deadline.
- Apply for financial aid by the April 1 priority deadline.
- Send the Office of Admissions a final high school transcript immediately after high school graduation.
- Attend a Summer Orientation, Advising, and Registration (SOAR) session at MSU during the summer.

For additional information on admission, campus visits, Open House, and SOAR programs, contact:

## *Let Us Entertain You !*

If you're into listening to good music - whether it's jazz, rock n' roll, country, classical, bluegrass, or rap - then put on your dancing shoes and head to a concert sponsored by the Student Government Association. MSU students have recently jammed to the sounds of Cheap Trick, Exile, Sweethearts of the Rodeo, REO Speedwagon, Ricky Skaggs, Expose, Lee Greenwood, and Richard Marx. Arts in Morehead has brought theater, dance, and music productions like Joffrey II Ballet, the North Carolina Shakespeare Company, Chestnut Brass, Jomandi, the Atlanta Chamber Players, and the Broadway musical 42nd Street to dazzle students. And of course MSU's Student Activities Council and theater, art, music, and English departments sponsor a variety of plays, exhibitions, concerts, and literary programs open to students, faculty, as well as the public.
